

VOL. IV. NO. 79.

SANTA ANA, CALIFORNIA, TUESDAY EVENING MARCH 2, 1909.

50 CENTS PER MONTH

SPOKANE WINS IN LONG FIGHT

FAIR FREIGHT RATE CASE FAVORS CITY

Interstate Commission De-
clares Charges As Un-
reasonable

LOWERS RATES BY GOOD
PER CENT FROM CHICAGO

Railroad Says Charge to Coast
Are Too Low; Made to Meet
Water Competition

WASHINGTON, Mar. 2.—The Inter-
state Commission today announced a
decision in the Spokane rate case, sus-
taining the city of Spokane in its
principal claim against the Northern
Pacific.

The decision holds that the rates
charged from eastern points to Spok-
ane are unjust and unreasonable. The
class rates from St. Paul to Spokane
are reduced sixteen and two-thirds
per cent, and a substantial reduction
is made in rates from Chicago to
Spokane. The rates from points east
to Chicago have not been considered.

RAIDROAD DEFENDED RATES;
CITED WATER COMPETITION

CHICAGO Mar. 2.—According to
the Record-Herald today the famous
case, in the hands of the Interstate
Commerce Commission for two years
past, has been decided. That paper
says it understands the decision fa-

A JUST TRIBUTE
WASHINGTON, Mar. 2.—President-elect Taft yesterday gave to the "Examiner" this appreciation of Roosevelt:

"It's difficult for one with the depth of affection that I feel for Theodore Roosevelt to give a judicial estimate of the man, but I verily believe that when the historian, twenty-five or fifty years hence, shall describe his administration and the influence that he has exerted as the chief magistrate of the country, he will accord to him a place with Washington and Lincoln, and that he will treat him as we are prone now to regard Washington and Lincoln, as providentially raised up to meet an exigency in the country's history that was only less important than the Revolution and the Civil war."

"WILLIAM H. TAFT."

vors the Spokane contention that she
should not be charged the full freight
rate from the east to the Pacific
Coast plus the local rate back again
to Spokane from the coast.

It is reported that the Commission has
ordered the transcontinental rates to be
reduced between fifty and twenty-six cents per hundred pounds, the first being on first-class freight and the latter for fifth class, all other
classes ranging between.

The railroads defended the rates on
the ground that the coast cities were
given low rates because of water
competition.

REACH AGREEMENT ON
RIVERS AND HARBORS BILL
WASHINGTON, Mar. 2.—Confer-
ences on the rivers and harbors bill to-
day reached an agreement. Repre-
sentatives of the House finally ac-
cepted the provision for twenty sur-
veyors, costing \$100,000, added to the
bill by the Senate.

ASSAY OFFICE PLAN FOR
LOS ANGELES IS LOST

WASHINGTON, Mar. 2.—The Sen-
ate bill for the establishment of an
assay office in Los Angeles was killed
in the House today, by a vote of
75 to 102. The California delegation
was solid for the bill.

MORTGAGE ON RECORD TODAY

Frank M. Howard Borrowed
\$300 From Long Beach
Man on Feb. 15

At every turn in Tustin comes a
new story of someone who loaned
money or gave credit to Frank M.
Howard. Howard seems to have gotten
safely away, and the prospects of
catching him are rather slim. Today there was recorded at the court-
house a crop mortgage. Howard gave
the mortgage on the grain crop to be
raised on eighty acres near Tustin to
W. H. Pinkerton of Long Beach to
cover two \$150 notes, one payable in
five months and one in eight months.
The notes are dated Feb. 15. A horse,
some wagons and implements are
covered by the mortgage. Constable
Jackson today is trying to get a line
on the five horses on which Howard
is said to have borrowed money a day
or two before he said farewell. Howard's
wife is reported to have gone
away with him. Two of the worthless
checks that have turned up are for
\$15 and \$40, cashed by Dr. Gardner
at the Arcadia racetrack.

VENITIANS WILL JOIN
IN UNION HIGH SCHOOL

VENICE, Mar. 2.—A committee
from the Chamber of Commerce will
go to the Machado schoolhouse
Thursday evening to confer with the
residents relative to the proposal to
form a union high school district.
The matter of endeavoring to secure
the establishment of a polytechnic
school here will be pushed.

ARROYO SECO RE-FORESTED

Pine Trees Being Set Out by the
Thousands and Work Will
be Kept up Each Year

PASADENA, Mar. 2.—Fifteen thou-
sand trees, mostly small pines of the
Jeffries and Colton varieties have
been set out on the banks of Arroyo
Seco this winter. Thousands more
will be planted next winter and so on,
until pine trees will spread along it
for miles. The reforestation of the
Arroyo Seco has long been desired.

Forest Supervisor Charlton is at
the head of the work, and the trees
being put in are from the distribut-
ing station near San Bernardino.

Fire breaks are being constructed
along the ranges flanking the Arroyo
in order to protect the new trees
from fire, and it will be the endeavor
of the fire authorities to restrict
campers in this section sufficiently to
avoid fire by accident. New trails
which were built last season from
Mount Lowe down to the head of the
Arroyo will go far toward protecting
the district.

WIRELESS OUTFIT ON
STEAMER CABRILLO

AVALON, Mar. 2.—A new wireless
outfit placed on the steamer Cabrillo
has proven itself to be one of the
best steamship equipments on the Pa-
cific coast. It has been installed by
the United Wireless Telegraph Com-
pany, and it is believed the operator
can, under favorable conditions, hold
communication with the Hawaiian
Islands.

"Lucky's Wealth Was Enormous

LOS ANGELES, Mar. 2.—Twenty-
five millions is the size of "Lucky"
Baldwin's fortune, according to Brad-
ford Lee, the attorney who drew up
the famous turfman's will. It will be
filed in the probate court tomorrow
morning.

Baldwin's body is lying in state at
Santa Anita today and will be taken
to San Francisco for burial tomorrow.

PLAINTIFF WINS IN MINING CASE

Court Holds That Transaction
of Stock and Note Was
Made in Good Faith

Judgment has been given in the
Superior court of this county in favor
of F. M. Sabathe against H. A.
Landwehr for \$2616.65. The action
was on a note given the plaintiff in
payment for shares in the Seal of
Gold Mining Co. The defendant
claimed the stock had been misrepre-
sented to him when he took it. The
findings of the court were to the ef-
fect that the sale was bona fide. The
case came to this county from River-
side county.

TWO ISSUES OF SCHOOL BONDS SOLD LAST WEEK

EL CENTRO, Mar. 2.—County
Treasurer Paul Boman has sold two
sets of school bonds during the past
week, for which there were five bidders.
The issue of \$5000, made by the
Heber school district, was sold at a
premium of \$100.50, and the issue of
\$6000 by the Calexico school dis-
trict was taken at a premium of \$327.
An issue of \$40,000 by the Imperial
Valley High School Union dis-
trict will be offered immediately.

GLENDALE SOON TO BE ON 25 CENT FARE TO CITY

GLENDALE, Mar. 2.—It is expected
that the new railway will be finished
in one week. The poles are all placed,
ties and rails laid and wires will
soon be strung. The rains greatly
interfered with the work, some of
the grading had to be done all over
and ties were uncovered.

The fare at present will be 25 cents
for the round trip, which will include
transfers in Los Angeles to cars of
the Los Angeles Railway system.
Passengers will transfer at Eagle
Rock only.

BOY IS KILLED FALL'S RESULT

Los Alamitos Lad, Son of Swiss
Parents, Met Death Acci-
dently Yesterday

Yesterday afternoon a Swiss boy, aged 7, was accidentally killed on a ranch a mile and a half from Los Alamitos. The boy fell from a horse he was riding and from the meager details obtainable concerning the accident, it is supposed that his neck was broken. The boy's parents moved to the ranch a few weeks ago and the family is hardly known at the sugar town. Word concerning the death was sent to Coroner Geo. S. Smith and he has gone to make an investigation.

DISCHARGE OF GUN WAS GOOD AS WOUND

Bullet Close to Man's Head
Made Disturber Fall to the
Ground Much Frightened

CONSTABLE BEALS ARRESTS MEXICANS

Following Fracas One of the
Crowd Gets Ninety Days
and the Other Thirty

Some powder was burned at Los
Alamitos Sunday night, following the
consumption of a quantity of liquor
by a number of the Mexican residents
of that place, and as a result two
men are in the county jail. John Soto
is there for ninety days and Bruno
Barraja for thirty days.

A number of Mexicans were on a
rampage and had begun to do a little
fighting among themselves. Soto
had a revolver and was flourishing it
around. Just what harm he attempted
is not reported. Word was taken
to Constable A. J. Beals that the
disturbance was on and ought to be
quelled. The constable made his way
to the scene of activities. Soto made
a dash toward the officer. Beals
drew his revolver and fired it into
the air a time or two to show that
he was armed. But Soto was brave.
He was nearly on the officer when
Beals fired a bullet close to Soto's
head. Soto thought he was shot. He
dropped to the ground and cried out
that he was hit. Soto and Barraja
seemed to be the chief offenders in
the crowd, and at Beals' request other
Mexicans helped take the two men
to jail. Justice of the Peace McAl-
lep sentenced the two men to jail.

Twelve men were terribly
burned, and several cannot
recover who were taken from the
mine within an hour of the
accident. The inner workings of
the mine caught fire after the
explosion.

It is believed the thirty men
still in the mine are in grave
danger.

A searching party organized
immediately after the explosion
was unable to penetrate far
into the mine. The explosion
occurred shortly after the day
shift went to work.

It was learned later that two miners
were killed, fourteen seriously
burned, and one is missing. Thirty-
five escaped by various exits.

A STRAW VOTE TAKEN FAVORS MAYOR HARPER

INNSBRUCK, Austrian Tyrol
Mar. 2.—Thirty-one soldiers
including six officers, were
buried under an avalanche in
the Tyrol today.

Troops are being rushed to
the scene of the disaster. It
is reported that many of the
victims are dead.

GOLD BEARING ORES EXCITE MINING MEN

COLORADO CITY, Mar. 2.—The
Riverside Copper Company officers,
operating a mine in the McCoy Moun-
tains, are excited over discoveries of
rich gold-bearing ores in some of the
deep drifts. They have begun ship-
ping ores to Parker, fifty miles east.
J. M. Henderson and C. H. Baldwin
of Los Angeles, are the managers.

JAP POTATO KING GETS 4300 ACRES FOR SPUDS

LOS ANGELES, Mar. 2.—By a
transaction with the Holland Land
and Water Company yesterday, Geo.
Shima, a Japanese—the "potato king"
of California, secured possession of
4300 acres of the best farming land
along the San Joaquin river. The
Japanese agreed to pay \$19 a year
for the property, which will be
converted into a potato farm im-
mediately.

CONFlict BREWS WITH GERMANY AND CHINA

Celestials Resent Contempt of Teutons
in Trade Matters; Will Enlist
Guilds in Boycott

PEKIN, Mar. 2.—A boycott against
open rupture has now occurred, and
the native trade guilds of the Shang-
Tung Peninsula have commenced the
circulations of manifestos attacking
the Germans' conduct, calling on all
trade guilds throughout the empire
for assistance.

The Germans accuse the Japanese
of propagating a boycott because of
German inroads into Japanese busi-
ness. In consideration of the pres-
ent temper of China, serious distur-
bances are feared as a result of the
clash.

DIRECT VOTE BILL WENT THROUGH IN RUSH

But Likely to Come Before the
Senate for Future
Action

RADICAL CHANGES MAY YET INJURE ITS CHANCE

Many Bills Were Finally Passed
By the Legislature
Yesterday

SACRAMENTO, Mar. 2.—Although
the Wright-Stanton direct primary bill
passed with a rush in the senate late
yesterday, there is a strong possibil-
ity that the upper house will have an-
other chance to consider it, as the
assembly is considering amending the
bill and the senate would be required
to concur in that case.

That an attempt is to be made to
tinker the bill into uselessness is now
the fear of members who are sincere
in wanting an effective direct primary
law.

One amendment talked of is to al-
low districts voting for United
States senator. Senator Flint's friends
are opposed to this, but Leroy
Wright's adherents are anxious to
have this amendment made, believing
that Wright can step into Senator
Flint's shoes.

SACRAMENTO, Mar. 2.—The Pas-
adena charter amendments passed the
assembly unanimously today.

SACRAMENTO, Mar. 2.—Among
bills passed yesterday were the fol-
lowing:

By Fleisher of Santa Maria—Pro-
viding that both parents shall have
equal rights in the care and educa-
tion of children.

By Transue of Los Angeles—Ap-
propriating \$2000 for disseminating
knowledge for the prevention of tu-
berculosis.

By Hammon of Los Angeles—Pro-
viding for the compensation from
county funds, not to exceed \$150 a
month, of societies for the preven-
tion of cruelty to children and ani-
mals.

By Beardslee of Stockton—Increas-
ing the salary of the secretary of
state to \$5000 a year.

By Beatty of San Francisco—to
prevent unauthorized persons from
manipulating, tampering or interfer-
ing with railroad appliances.

By Transue of Los Angeles—Create-
ing the office of bake shop inspector.

—Honeymooners' headquarters. You
can start housekeeping with better
goods at less cost, with the Santa
Ana Furniture Co., 301 E. Fourth St.

FORTY-TWO IN INSANITY TO BE DEFENSE

Mine Disaster May Result in
Grave Results; Thirty Are
In Burning Mine

Many Taken Out Within Hour
of Accident Cannot
Recover

PITTSON, Mar. 2.—Forty-
two men were injured by a gas
explosion in a shaft in the
South Creek Slope colliery of
the Pennsylvania Coal Company at Port Griffith today.

Twelve men were terribly
burned, and several cannot
recover who were taken from the
mine within an hour of the
accident. The inner workings of
the mine caught fire after the
explosion.

It is believed the thirty men
still in the mine are in grave
danger.

A searching party organized
immediately after the explosion
was unable to penetrate far
into the mine. The explosion
occurred shortly after the day
shift went to work.

It was learned later that two miners
were killed, fourteen seriously
burned, and one is missing. Thirty-
five escaped by various exits.

Weather Forecast

SAN FRANCISCO, Mar. 2.—Fair
tonight and Wednesday.

ANDERSON FAVORS THE GREAT OCTOPUS

Lets Standard Off With Lowest Num-
ber of Offenses Possible; Dashes
Hope of Government

CHICAGO, Mar. 2.—That the Standard
Oil Co. may be fined only a little
over \$700,000, instead of \$29,000,000,
if it should be convicted on all counts
would be the result of Judge Anderson's
final ruling made today that the
Standard is to be liable on but thirty-
six offenses instead of fifteen hun-
dred.

Prosecutor Wilkerson in presenting
the government's case declared he
expected to prove an ostensible rate
of eighteen cents per hundred pounds
given the Standard Co. by the Chicago
& Alton for the shipment of oil
between Chapelle, Ill., and East St.
Louis, Ill., which apparently is intra-
state, but really is interstate.

PETITION FOR PAVING WEST FOURTH STREET IS GRANTED

AUTO MEN WANT SPEED POSTS CLOSER IN

City Takes Lease and Option on Gravel Bed in Creek Bed Near Hannah Street

ANTI-GAMBLING LAW ON SECOND READING

City Expects to Aid or Support Summer Band Concerts in Birch Park

Petitions for paving nine more city blocks were granted by the city trustees last night. One was for paving West Fourth street as far out as Baker street and the other for paving the block on Third between Broadway and Birch. The sentiment of the trustees as expressed last night favors the support by the city of the summer band concerts. Between now and the next meeting of the trustees data will be gotten concerning the cost. Some of the trustees favored the city bearing the entire expense. Several matters concerning street work were taken up last night.

WANT INSIDE POSTS PLACED CLOSER IN

John Cubbon representing the Automobile Club of Santa Ana came before the board in regard to the posting of the inside district under the speed ordinance, where speed is limited to ten miles. The council's tentative district extends to Washington

If You Want the
BEST COUGH CURE
you will ask for
Kemp's Balsam

and if you get it you will have a remedy for coughs that will be satisfactory in every respect. If you accept something else we do not know what you will get, but it will not be the Best Cough Cure.

At all druggists', 25c., 50c., and \$1.

Don't accept anything else.

DOINGS OF CITY TRUSTEES

- 1.—Bids for water works compressor opened. Award to be made Mar. 15.
- 2.—Petition for paving Third street from Bush to Birch, adding one new block, granted.
- 3.—Petition for paving West Fourth from Birch to Baker granted.
- 4.—Strip of 250 feet west side of Cypress south of Bishop to be sidewalked and curbed.
- 5.—Petition for sidewalks on both sides of Maple from First to Chestnut granted.
- 6.—Lease to city of gravel bed in Santiago creek near Hannah street endorsed. Rental \$100. Option for year at \$1050.
- 7.—Anti-gambling ordinance passed second reading.
- 8.—Ordinance prohibiting running of water on street without permit passed first reading.
- 9.—Building ordinance amended to describe "District No. 1."
- 10.—New circus license ordinance passed first reading.
- 11.—M. & M. committee suggests city pay for summer band concerts. Matter taken under advisement.
- 12.—City orders proceedings under Vrooman act for laying portion of alley between Main and Sycamore south of Fourth.
- 13.—Request of Automobile club that inside speed district be reduced from tentative limits taken under advisement.

on the north, Grand on the east, Fairview on the south, and Baker on the west. Cubbon said the club is anxious to have the districts posted. In its behalf he said he thought the district as proposed was entirely too large, that Tenth street on the north would be carrying it out far enough for safety's sake, that Baker and Grand and Fairview are too far out, that the speed limit would be more reasonable were it set closer in. The matter was taken under advisement.

BIDS ARE OPENED FOR A COMPRESSOR

Bids for a water works compressor were opened as follows: Doak Gas Engine Co., \$7800; G. E. Dow, \$5960; Pacific Coast Manufacturing Co., \$10,355 and \$9555; Fairbanks Morse Co., \$11,616; Frank J. Kimball, \$4634.84 and \$6289.65; American Mach. & Construction Co., \$5329 and \$5200; J. F. Connell, \$5200; Baker Iron Works, \$5056 and \$6219; Smith, Booth Usher Co., \$5256. The trustees decided to take the bids under advisement for two weeks. During that time they expect to see at work as many as possible of the plants in actual use of the compressors bid upon.

TWO PETITIONS FOR PAVING ARE GRANTED

Street petitions were numerous. One

petition asked that Third street be paved from Bush to Birch street. Already the pavement is down from Bush to Sycamore and the paving crew is at work on the next block. The effect of the petition is to carry the work one block past Broadway, to which place the contracts have already been signed. Dr. Lord stated that no one in the added block wants it paved. The petition was granted and the city attorney instructed to prepare the necessary papers.

The second paving petition was for paving West Fourth from Birch to Baker. Trustee Harris asked how it came that a petition was in for paving a street already partly paved, as West Fourth is for two blocks under the petition. Chairman McFadden said that legally anyone on any section of street can sign a petition when his property is included in a petition. The petition was granted and the city attorney instructed to proceed.

SIDEWALKS ON TWO STREETS ARE ORDERED

A petition asking that a strip on the west side of Cypress be sidewalked and curbed with cement was granted. The strip begins 300 feet south of Bishop and continues thence south 250 feet. The city attorney will draw up the papers.

A petition asked for cement walks and curbs on Maple from First to Chestnut was granted. The petition covers both sides of the street.

The resolution of intention to place a sidewalk on Pacific avenue was referred to the city attorney in its usual course.

CITY TAKES LEASE ON A GRAVEL BED

The city endorsed a lease of a gravel bed in the Santiago creek north of the Hannah street bridge, given the city by T. M. Robertson, and a warrant for \$100 was ordered drawn in payment of the first year's rent. Under the lease the city has an option on the land for a year, the price being \$1050.

The anti-gambling ordinance went through without a remark. When it was read by the city clerk, Trustee Harris moved its adoption and on roll call there were five aye votes.

WOULD NEED PERMIT FOR WATER WASTE

A new ordinance suggested at a

A Lazy Liver

May be only a tired liver, or a starved liver. It would be a stupid as well as savage thing to beat a weary or starved man because he lagged in his work. So in treating the lagging, torpid liver it is a great mistake to lash it with strong drastic drugs. A torpid liver is but an indication of an ill-nourished, enfeebled body whose organs are weary with over work. Start with the stomach and allied organs of digestion and nutrition. Put them in working order and see how quickly your liver will become active. Dr. Pierce's Golden Medical Discovery has made many marvelous cures of "liver trouble" by its wonderful control of the organs of digestion and nutrition. It restores the normal activity of the stomach, increases the secretions of the blood-making glands, cleanses the system from poisonous accumulations, and so relieves the liver of the burdens imposed upon it by the defection of other organs.

Trustee Harris suggested that the city give \$100 to the fund. Trustee Blodgett immediately declared that the city ought to pay the entire bill whatever it might be. The matter was left over two weeks.

WOULD PUT IT DOWN UNDER VROOMAN ACT

Street Superintendent Ward reported that all the property owns facing the alley between Main and Sycamore back of the Commercial Bank had signed up for the paving except one owner, who would not sign. By long drawn out discussion it was concluded that the thing to do was to commence at once under the Vrooman Act, and the city attorney was instructed to prepare the papers to force the alley down on the one lot owned by the man who would not sign. The remaining property owners may do the work by private contract.

Having been elected to the secretaryship of the Home Mutual Building & Loan Association, I shall devote my entire time to the duties of that office.

The insurance business which I have conducted for nine years past will be continued in the name of "O. M. Robbins & Son," and will be in charge of my son, Mac O. Robbins, who has had charge of the insurance department of my office for nearly two years. We will be glad to see any of our friends in our new location, in the Building & Loan office, 314 Main street.

O. M. ROBBINS.

OLD NEWPORT SHIPS CELERY

Cutting on Tedford and Wakeham Ranches Has Been Going on Several Days

OLD NEWPORT, Mar. 1.—The celery crop is nearly all out of the ground now. Celery cutting has been going on for several days on the Tedford and Wakeham ranches and was finished Saturday. The celery is of an excellent quality.

Messrs. Phil and Neal McClintock were treated to a surprise party Friday evening by their young friends. The McClintock brothers keep bachelor's hall on their place near the schoolhouse and when the storming party arrived were discovered far from prepared to receive company. An entrance was forced, however, and having surrendered, the genial hosts exerted themselves to make time pass pleasantly for all. An evening of fun and frolic was wound up with an oyster banquet and it was well into the morning before the self-invited guests departed.

Hyomei is a confidence creator. The first time you breathe in this powerful yet soothing, antiseptic air, you will know that it has marvelous curative virtues. There is nothing disagreeable about Hyomei. It is a very pleasant and prompt remedy for catarrh, colds, asthma, croup, bronchitis, etc.

If your head is so stuffed with mucus that you cannot breathe a particle of air through your nostrils, Hyomei will open them up and give relief in five minutes.

Why will sensible people suffer longer, why will they wheeze and hawk and spit and smother, when the Rowley Drug Co. will guarantee Hyomei to cure or money back. \$1.00

—Tires on a White Steamer are not loaded down with a great multiple of engine cylinders, etc. Its engine only weighs 140 pounds; that's why they last. See A. Cole, Orange, for demonstration.

40 Years of Success

For over 40 years Dr. Pierce's Family Medicines have kept the lead and still stand in the front rank as curative agents.

They are little advertised now, as compared with many others, resting, as they do for popularity upon their many years of marvelous cures and the grateful friends they have made.

ASK YOUR NEIGHBORS

They must know of many cures of bad cases of Female Weakness and Kindred Ailments of Women due to the use of

Dr. Pierce's Favorite Prescription

IT MAKES WEAK WOMEN STRONG.

SICK WOMEN WELL.

It's the only advertised medicine for woman's ills which contains neither alcohol (which to most women is worse than rankest poison) nor habit-forming, or injurious drugs and the makers of which are not afraid to print all its ingredients on its outside wrapper. Is that not significant?

Dr. Pierce's Golden Medical Discovery

Is equally renowned for its many cures of Stomach Weakness, Indigestion, Torpid, or Lazy, Liver and kindred derangements, as well as for Blood and Skin affections. In many ailments of women the combined use of these two medicines is advised.

It's only a dishonest dealer, here and there, that will attempt to persuade you to accept a secret nostrum in place of these time-proven remedies of known composition. Revert to your intelligence and trade elsewhere.

World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y.

NOTED MAN IS IN LAST SLEEP

"Lucky" Baldwin Dies After a Long and Spectacular Career

LOS ANGELES Mar. 2.—E. J. (Lucky) Baldwin, the noted turfman, died at his home at Arcadia, shortly after 7 o'clock yesterday morning. He was stricken with pneumonia six weeks ago, and his life was despaired of at that time. He rallied, however, and was able to make one more appearance at his famous track, Santa Anita. The exertion proved fatal, and he suffered a relapse from which he never recovered. For the past five days he was kept alive only by the use of oxygen.

"Lucky" Baldwin has been one of the most famous and picturesque figures on the Pacific Coast for many years. Prominent in San Francisco and the north in mining stock deals, he became known as the shrewdest mining stock speculator on the coast. He became a multi-millionaire and died possessed of vast interests, among them being the Baldwin ranch, near Los Angeles, of 6000 acres, on which is located his town of Arcadia.

He has long been a prominent turfman and his horses have been among the star winners of the American turf, among them being Lexington, who became blind after winning a seven mile race in New Orleans in 19 minutes, 19 $\frac{1}{4}$ seconds. Baldwin's horses also won the derbys in Kansas City and Latonia, two American derbys at Chicago, Chicago derby, American derby, Brooklyn derby and many other notable races.

Lucky Baldwin, who was born on a farm near Hamilton, Ohio, in 1828, was twice married. His first wife accompanied him across the plains to California. She died several years ago. His second wife is now in Los Angeles, having separated from him. He leaves two children, daughters, Mrs. Hall McLaughlin of San Francisco and Mrs. Clara Harold of Arcadia.

His death will undoubtedly mark the beginning of scores of lawsuits as there are many persons who claim to have an interest in his vast estate and have been waiting for years for an opportunity to test the validity of their claims.

Arrangements for the funeral have not yet been completed, but it is probable the remains will be taken to San Francisco, where they will be placed in the family vault beside those of his first wife.

MEMBER OF THE UNITED PRESS

LOOKING TO THE FUTURE

It is refreshing to find at least one member of congress who is mindful of his obligations to the people of this coast. It is also a source of keen satisfaction to know that the member referred to hails from a district adjoining our own.

The reference is to a bill introduced in the House at Washington by Representative McLachlan providing for a line of steamships to be operated from Panama to all the principal points on the Pacific coast.

Here is something at last proposed in congress that has long been needed and asked for as a protection to the Pacific states against the aggressions of land and water transportation companies. It provides water transportation via the Panama railroad, which is owned by the government of this country, from here to New York. If the bill becomes the law, it promises to be one of the most important measures yet proposed for the benefit of this coast. It will guarantee cheap transportation between this and the Atlantic seaboard, which will be to us a new and exhilarating experience. Between the railroads and the private shipping interests we have been taxed all the traffic would stand, which has been about double a just rate.

The bill referred to provides for the construction or purchase of ten steamships of not less than 5000 tons capacity each and \$10,000,000 is appropriated for the purpose.

The line now operated by the government on the Atlantic side, is a paying investment, though the ships usually return from Colon almost empty. The establishment of the proposed line on this coast will change this, as it will provide the products of this coast with which to load the Atlantic line for the return trip.

It will be remembered that some time since Senator Bristow of Kansas, was quoted as saying that the principal opposition to the establishment of this line came from California, mentioning the names of Senators Flint and Perkins. The incident occasioned quite a stir at the time, and charges were freely made that Senator Perkins especially was not mindful of the people who sent him to Washington as their representative. But be that as it may, we are now in a fair way to get the long needed concession. Senator Flint has introduced in the Senate a bill identical with the McLachlan measure. It is practically certain that no honest and conscientious member of congress would feel called upon to oppose a measure of such supreme importance to such a large portion of the country, except upon the grounds of lack of funds to carry it out, and we surely have the money.

The great wonder is that such a bill has not been introduced before. Congressman McLachlan is entitled to the thanks of the whole Pacific coast—indeed, the entire country—for the service he is rendering in this respect. The line, if established, will, in its commercial importance to us, be next to the opening of the Panama canal.

WELL KNOWN WOMAN DIED AT FULLERTON

FULLERTON, Feb. 27.—Mrs. C. S. Welton, aged 78 years, mother of City Trustee Welton, and a well-known resident of Fullerton, died at her home here today. The funeral services will be held at the Baptist church Monday morning, after which the body will be taken to Los Angeles for interment at 2 p. m. in Evergreen cemetery.

The Anaheim High School baseball team defeated the Orange High School team at Anaheim today by a score of 3 to 2.

UNIVERSITY MAY BUY CALIFORNIA'S BUILDING

LOS ANGELES, Mar. 2.—Prof. Meany of the University of Washington, now visiting in this city, states that his university will probably purchase the beautiful California building erected on the Seattle Exposition grounds, for use as one of the university buildings. The building is typical of the old-time architecture of early California days.

BIG WATER SUIT THAT THREATENS ONTARIO

SAN BERNARDINO, March 2.—A most important water suit will be begun in the Superior court here today it being the Cucamonga Vineyard Company against the San Antonio Water Company. This involves the water used by Ontario, and if the plaintiff wins, the city of Ontario will face a serious problem in the way of a water supply.

WILL TAKE CHARGE OF EMMANUEL MOVEMENT

BOSTON, Mar. 2.—Rev. Albert B. Shields of the Church of the Redeemer, South Boston, will go to California on the invitation of Bishop Nickolls of the diocese of California, and take charge of an "Emmanuel movement" which has been inaugurated in that diocese.

DEFENDANTS IN MURDER TRIAL WILL REST CASE

NASHVILLE, Mar. 2.—The attorneys for the Coopers, father and son, and Sharpe, accused of the murder of ex-Senator Carmack, announced today they would rest the case after three more witnesses had been examined.

PULQUE TRUST IS TO BE ORGANIZED IN MEXICO

MEXICO CITY, Mar. 2.—Headed by Pablo Macedo, who was instrumental in bringing about the National Association of Mexican Railroads, and Senor Lansay Escandon, governor of the Federal district of Mexico, a corporation is being organized to control the output of pulque in Mexico. The growers as well as the dispensers are being organized and there is a prospect that the prices will be advanced.

Will Defer Appointment
SACRAMENTO, Mar. 2.—Gov. Gillett decided today he would not appoint a state superintendent of banks until May, as the new banking law, signed yesterday by the governor, is not operative until June 1. The new position carries a ten thousand dollar salary, and is the head of the new banking commission created by the Leavitt-Stanton bill.

NASHVILLE, Mar. 2.—The attorneys defending the Coopers and Sharpe, accused of the murder of Ex-Senator Carmack, are bending their energies to prove that Carmack fired the first shot, wounding Robin Cooper, before that youth fired the fatal shot. The defense will probably close their case today, and the state is expected to occupy three days in submitting evidence in rebuttal. Dr. C. P. Edwards produced X-Ray photographs of Robin's shoulder which did not show the presence of the bullet. He said he believed the bullet passed through and was the one found on Robin's bed at the hospital.

Dr. Glasgow who performed an autopsy on Carmack's body, testified, after a long argument between opposing counsel as to the admissibility of his proposed testimony. He said he found three wounds on Carmack's body; one on the left side, one in the same course lower down, and one at the back of the neck. He said he believed the neck wound was the first one. The defense claims the body wounds were the first inflicted.

MAURETANIA'S FAST RUN ACROSS ATLANTIC

QUEENSTOWN, Mar. 2.—The steamer Mauretania today completed the "land to land" eastward journey across the Atlantic in four days, twenty hours, seven minutes, averaging 25.28 knots.

Animals That Dread Rain

Lions, tigers and all the cat tribe dread rain, said a zoo keeper. On a rainy day they tear nervously up and down their cages, growling and trembling. We usually give them an extra ration of hot milk. That puts them to sleep.

Wolves love a gray day of rain. They are then very cheery. Treacherous as the wolf is, no keeper need fear him on a rainy day. He is too happy to harm a fly.

Snakes, too, like rain. They perk up wonderfully as the barometer falls and the damp makes itself felt in their warm cages of glass.

Rain makes monkeys glum. They are apt from instinct, when they see it through the window, to clasp their hands above their heads and sit so for hours. That attitude, you know, makes a kind of shelter. It is the primitive umbrella. So when it rained the naked primitive man and woman sat gloomily in the primeval swamps of giant ferns.

STATE BASEBALL LEAGUE TO OPEN SEASON ON MARCH 24

SAN FRANCISCO, Mar. 2.—Following a meeting of club owners of the state baseball league President Herman announced yesterday that the season would open Wednesday, March 24, and close Nov. 21.

The state league will open its season six days ahead of the Coast league, and will run two weeks longer at the close.

CHILDREN WHO ARE SICKLY

Mothers who value their own comfort and the welfare of their children, should never be without a box of Mother Gray's Sweet Powders for Children, for use throughout the season. HE CONVERTS SUN'S RAYS INTO ELECTRICAL ENERGY

BOSTON, Mar. 2.—That he has successfully solved the problem of storing up the sun's rays and converting them into electrical energy, a problem on which the scientists of the world have been diligently working, is the claim made by a Boston inventor, George S. Cove of Somerville. Mr. Cove demonstrated the success of his investigation by lighting his workshop at 486 Somerville avenue, Somerville, with electricity generated from a simple apparatus on the roof.

WINTER VISITORS AT EAST NEWPORT

EAST NEWPORT, Mar. 1.—Mrs. Henry J. Moore and daughter, of Rochester, N. Y., are located here for a month.

Mr. and Mrs. Elliott Blainer have returned to their home in Los Angeles after a week's visit with Mr. and Mrs. E. L. Quinn.

E. K. Benchley of Fullerton was an over-Sunday guest at the beach.

J. P. Burnham of Los Angeles spent Sunday at his beach home.

L. B. Schenck of Los Angeles left this morning after a short stay here.

For electric carpet-sweepers see W. E. Houston, 116 East Fourth St.

Social and Personal

Though we travel the world over to find the beautiful, we must carry it with us or we find it not.—Emerson.

Received Grand Matron

Hermosa Chapter, O. E. S., welcomed Grand Worthy Matron Mrs. Anna Marie Johnston last evening with becoming hospitality.

An informal reception preceded the banquet served at 7 o'clock, and at that time the members met the Grand Matron and Mr. Coates, past worthy patron of Southgate Chapter, Los Angeles, who was an honored visitor, in a social way.

Probably two hundred people were seated during the banquet hour at the four long tables, daintily decorated with trailing smilax and bouquets of fairy-like acacia blooms. Cold

meats, scalloped potatoes, rolls, pickles, delicious ice cream, cakes, and coffee made up an appetizing spread.

A regular meeting of the Chapter followed, during which Grand Matron Johnston, Past Grand Matron Bowes of Santa Ana, Worthy Matron Fuller of Scepter Chapter, Orange, Past Patriarch Coates of Southgate Chapter, Los Angeles, were seated with Worthy Matron Peek and Worthy Patron Whitson of Hermosa Chapter. Beautiful gifts and flowers were presented to Mrs. Johnston, Mrs. Bowers and Mr. Whitson making the presentation speeches. Vocal numbers were rendered by Mrs. Theo. Winbigler and Miss Georgia Barnes during the evening.

Society Honored Chopin

One of the latest proofs that the world realizes the truth of George Eliot's words, "Music arches over this existence with another and a diviner," was the honor paid to the memory of the great composer and musician, Frederic Francois Chopin, who gave to mankind a richness of music that transfigures the sordid things of life into beauty whenever it is heard.

In Paris yesterday hundreds went through the heaviest snowfall the city has had in years, to visit the modest tomb of Chopin in the cemetery of Père La Chaise. They stood about the quiet resting place and listened to eulogies on him who was a master of deep harmony. Society women visited the various places where Chopin had resided and left flowers in his rooms. Truly doth the

strains he penned "arch over this existence."

Mr. and Mrs. Albert Beals have returned from Newport Beach where they have spent the last three months supervising the construction of a cottage being built by their son, Mr. Nathan Beals of the Commercial Bank. Mr. and Mrs. Beals enjoyed their sojourn at the beach immensely.

W. S. Neal of 104 Ross street, leaves tomorrow for San Diego, where he will reside permanently. His family accompanies him.

A. W. Stone and wife of Tacoma, are new arrivals in Santa Ana. They are temporarily located at 401 West First street, but expect to purchase a home soon.

Program to Be Unique

It is hoped that the members of the Fraternal Aid will remember that delegates to the semi-annual district convention, to be held at Long Beach on next Monday, will be chosen at tomorrow night's meeting at Elks Hall.

It is announced that the committee on entertainment has arranged not only for refreshments for tomorrow night, but that something really novel, in fact startling, has been prepared on the program. Every member is expected to be present and enjoy the unique features to be presented.

Industrial Education

The Talk-It-Over Club invites all men to be present tonight at the Congregational church to hear Prof. A. M. Shaw, teacher of Slavery in the Santa Ana public schools, on "Industrial Education." He will present an interesting exposition of this subject that will be worthy of consideration by every patron of the schools.

Amphion Circle

The Amphion Circle of the Congregational church was entertained yesterday afternoon by Miss Jennie Humphrey, 929 French street. Light refreshments were served, but the principal part of the time was spent in making new plans for the future in order to raise money for their cherished project, a pipe organ.

Mr. and Mrs. H. C. Humphrey spent today in Los Angeles visiting friends, returning this evening.

Mr. R. C. Howe of Santa Ana, has purchased the home of G. D. Streeter and Mrs. Harriet A. Skinner, located at 801 South Bristol street, and will take immediate possession. Mr. Streeter and family and Mrs. Skinner will move into Santa Ana, where they will be welcomed by their many friends.

W. S. Decker went on a business trip to Los Angeles today.

W. L. Brown left for Hemet today. Mr. and Mrs. John Holt of Tustin, were visitors last evening at Hermosa's reception.

F. J. Preble was a visitor to Riverside today.

O. M. Newman left yesterday for a week in the northern part of the state.

Marsh and Talley today moved into the office lately occupied by J. G. Quick, 119 West Fourth St. This firm composed of Dr. H. A. Talley of Orange and T. P. Marsh of Santa Ana, will conduct a real estate, loan and exchange business.

Mr. and Mrs. J. E. Taylor came up from Laguna for a short time yesterday, but returned again and with their guests already at the beach, will remain the rest of the week.

J. G. Quick removed today from his recent real estate headquarters, at 119 West Fourth street, to the office just vacated by O. M. Robbins, 117 West Fourth street. He will continue to sell real estate to all who come his way.

Chas. Kelley spent today in the Angel City.

Mrs. Ida W. Fuller of Orange, worthy matron of Scepter Chapter, spent last evening in Santa Ana, a guest at Hermosa's reception to Mrs. Johnston.

Mrs. and Mrs. Bratt, sister and niece of Mrs. G. H. Dobson, are guests at the Dobson home. They are spending the winter in Southern California with headquarters at Pasadena.

An Evening With Miss Harrison

Miss Beth Harrison last night was hostess to the girls of the Ki Oi Club and other guests, and a very charming hostess she proved to be.

The parlors at the home of Mrs. Gale, Miss Harrison's aunt, where the pleasant event took place, was brilliant with sunflower decorations, the young hostess hailing from that state.

An informal and jolly evening was enjoyed, no set program having been arranged. Illustrated songs and all the merry stunts of which the young ladies could think of or suggest, were the order of the hour.

A dainty two course supper was served at a table resplendent with yellow marigolds and ivy. Those for whom covers were laid were the Ki Oi girls and the following invited

WANTS A JURY TRIAL PLEADS NOT GUILTY

Carl Schultz, charged with cruelty to an animal, this morning in Justice of the Peace Smithwick's court, pleaded not guilty to the charge. The defendant was represented by Attorney E. E. Keech. A jury trial was asked, and the case was set down for trial on March 10 at 10 o'clock.

BASE BALL GAME BETWEEN S. S. CLASSES

An interesting game of baseball took place yesterday afternoon at Hawley's Ball Park, between the Baraca class and R. R. Smith's Sunday school class, of the United Presbyterian church. The score stood 8 to 10 in favor of R. R. Smith's class.

The batteries were, L. Warren and F. Todd, pitchers, and A. Smiley, catcher for the Baracas; for R. R. Smith's class, W. Warren and S. Smith, pitchers, and Joe Collins, catcher.

FUNERAL YESTERDAY

OF MRS. EDNA MYERS

The funeral services of Mrs. Edna Myers, who died on last Friday night, after a brief illness, were held yesterday at the parlors of Smith & Son. The Lady Macabees, of which order Mrs. Myers was a member, attended in a body. Many beautiful flowers decked the casket of the young woman who had died away from home and family. Rev. T. C. Miller conducted the funeral, and music was rendered by Misses Sara Gardner, Miss Edith Patton and Miss Ruth Wallbridge.

In addition to being a Lady Macabbee, Mrs. Myers was a member of the First Methodist church. She had resided here for some years, but was without relatives here. Her remains were shipped last evening to her former home, Easton, Kansas.

UNITED PRESBYTERIANS PREPARE FOR SERVICES

Special meetings are being arranged for, to be held in the United Presbyterian church, and to commence March 14, continuing for at least two weeks. In preparation for these services, meetings are being held in the homes of members of the congregation. These meetings are led by the pastor, Rev. W. L. C. Samson, and will be held this week in the homes of F. L. Andrews, C. S. Ramsey and Mrs. M. T. Thompson.

The special services in the church will be conducted by Rev. W. W. Orr, D. D., of Charlotte, North Carolina.

To Hear Pianist

Mrs. Ella Fyfe, Mrs. C. A. Young, Misses Helen Young and Ruth Dearborn and Mr. Percy Richards are a party of music lovers who will hear Josef Lhevinne this evening at Simpson's Auditorium.

Carter is Chosen

W. N. Carter has been elected assistant engineer at the city water works to take the place of W. A. Penrod. Penrod had trouble with the chief engineer.

NEGRO BOOTBLACK

TOOK POISON DOSE

Samuel D. Drake, better known as "Pappy Drake," a negro bootblack, was found in the basement of the Edmunds cigar store yesterday afternoon in an unconscious condition from poison whether or not with suicidal intent is not known. Drake went into the basement about 7 o'clock in the morning. His absence was not noticed. Some time after noon he was found. An empty bottle bearing a corrosive sublimate label was found near him. He was taken to his home after receiving medical treatment. Dr. Hill reported today that Drake was doing very well. For some time Drake has been in poor health. Drake lives at 609 West First street with his wife.

In Superior Court
James W. Conliff, as guardian of the Conliff minors, has reported to the Superior court the sale of real estate belonging to his wards to J. S. Newcomb and W. E. Cram for \$4500. R. W. Jones, as administrator of the estate of W. G. McPherson, has reported the sale of real estate to Clayton Stanfield for \$14,000. A \$500 note of the estate of H. J. Foot has been ordered set apart for the use of the widow, Mary E. Foote.

—See the windows of Gilbert's dry goods store. \$1.00 waist sale all this week.

Our suit department contains all the authentic styles of the eastern fashion centers. Here you will find the chic two button and princess effects. All the popular shades in serges, novelty mixtures, stripes, etc. Every garment perfectly tailored and from the best materials. Lining and trimmings the best. Every suit just as represented and sold at the lowest possible prices. Values unequalled—quality considered. Special attention is called to values at \$15, \$20 and \$25.

Smart Line of New Waists

A large shipment of new spring waists has just arrived. All the latest ideas.

WASH WAISTS in a great variety of new models. White lawn daintily trimmed with lace, insertion, embroidery and tucks. \$1.25 to \$5.00.

DAMAGES GIVEN PHILLIPS' WIDOW

Verdict in Federal Court Yesterday Was \$10,000 Against Santa Fe

EXPLOSION OCCURRED NEAR EL TORO IN 1907

Mother of Fireman Lost Her Suit—Widow Refused \$500 Compromise

Mrs. F. C. Phillips, widow of the conductor who was killed in a Santa Fe engine explosion near El Toro on August 6, 1907, was yesterday given \$10,000 damages by a jury in the United States Circuit court in Los Angeles. The verdict is against the Santa Fe. Mrs. Phillips sued for \$50,000. A few hours before the verdict was brought in Mrs. Phillips refused a compromise offer of \$500.

Fireman O'Connell was killed in the explosion that resulted in Phillips' death. His mother sued for damages, but the verdict was against her.

SIMPLE WASH CURES ECZEMA
Why Salves Fail While a Simple Liquid Has Accomplished Thousands of Cures

It is now thoroughly established among the best medical authorities that eczema is purely a skin disease, due to a germ, and curable only through the skin. It is not a blood disease at all; in fact, thousands of people suffer with skin disease and are perfectly healthy otherwise, and thereby prove they have no diseased blood.

Smeary salves cannot reach the germs because they do not penetrate the skin. The only way to reach the germs is by means of a penetrating liquid.

Such a liquid can be obtained by simply mixing ordinary oil of wintergreen with thymol, glycerine and other healing agents. This compound, known as D. D. Prescription, stops the itch instantly—and the cures all appear to be permanent. In fact, it took thousands of cures, case after case, before the best scientific authorities were convinced of the absolute merit of this remedy. D. D. Prescription kills the germs in the itching skin. Its effect is seen within one minute after the first application. We especially recommend D. D. Soap in connection with the treatment.

Paso Robles Hot Springs

—On the Coast Line. The equal of any in the world and set in the midst of such climatic conditions as constantly invite to the open air.

A delightful place for rest, recuperation, constitutional treatments and recreation. The new bath-house with its superb equipment is unrivaled by anything in this country. Hydro-pathic treatments, mud baths, swimming baths, turkish baths.

WORK DONE HAS RESULDED IN GOOD

Party of Santa Ana Business Men Inspected Chanel of Santa Ana River

PLOWING OF LAND RESULT OF DRAINAGE

Believe Permanent Work Can Be Done and Much Land Increased in Value

That the work done along the Santa Ana river channel from the sewer farm to the head of Talbert Drainage Ditch No. 1 was money well spent was the conclusion of a party of Santa Ana business men who yesterday made a trip of inspection along the channel. The ditch dug in the channel was cut out by the stream and it served a double purpose during the recent storms. Except for a few days only the flood waters were carried away, and it served to drain adjacent country. The money spent by the supervisors seems to have been well appropriated for the roads of nearby districts were saved much damage.

In the party were D. H. Thomas, C. W. McNaught, J. A. Turner, G. J. Mosbaugh and G. W. Minter. E. B. Burns recently made a trip along the channel, and is enthusiastic over the showing made.

The party yesterday drove down

Syrup of Figs and Elixir of Senna Cleanses the System Effectually: Dispels colds and Headaches due to Constipation: Acts naturally, acts truly as a Laxative. Best for Men, Women and Children—Young and Old. To get its beneficial effects, always buy the Genuine, manufactured by the

CALIFORNIA FIG SYRUP CO.
SOLD BY ALL LEADING DRUGGISTS
one size only, regular price 50¢ per bottle.

the Newport road, then west on the Talbert road across the channel, then south to the drainage ditch at Rice's Point. Had it not been for the effect of drainage this route could not have been followed. The flood of two years ago cost the county \$2000 in repairs. This year the damage was slight.

It was estimated that there are 8000 acres in growing crops and being planted in the district that could not have been touched with a plow for a month had it not been for the channel, and had it not been for the channel several hundred acres of celery would have been ruined in addition to that injured this year.

This year there were some breaks, due to soft and unfinished dikes. Had the work started earlier in the season there would have been no overflow.

The men who saw the channel yesterday came to the conclusion that the results demonstrated that permanent work could be done and that the Newbert Protection district if maintained will be able to produce a safe, deep channel with strong dikes supported by willows, and many hundreds of acres will be taken out of the danger district.

In this connection it will be of interest to note the successful efforts made to control the flood waters of the San Gabriel river. The ranchers first began in a disorganized way, every fellow for himself. This proved a failure and made trouble. Then they organized an improvement company among the ranchers and business men, and raised and expended \$20,000 through the company. This proved successful as far as it went. In 1907, under the new act of the legislature, a levee district was organized in which 75,000 acres were included and that same year they expended \$43,000 on a channel to tide water. They now have a channel from 40 to 60 feet wide and averaging 8 feet deep. Their dikes are six feet high. It is claimed that this improvement has added a million dollars to the land values embraced in that river district alone.

A comic opera of delightful quality and unusual merit both in book lyrics and score is the "Gingerbread Man" which will be given here on Thursday evening, March 4, with the original No. 1 company fresh from a tour of the larger cities where it has enjoyed unusual success in this third year of its presentation. The reason for this is obvious. The piece is one of certain merit—first of all for its particularly beautiful music, which by the way was composed by A. Baldwin Sloane who has given us such tuneful compositions as "The Mocking Bird," "Jack and the Bean Stalk," "Sergeant Kitty," "Broadway to Tolio" and "Coming Thro' the Rye." Mr. Sloane's music is not only tuneful, but it is written in a musician's style, and although it has a trick of catching the ear, it has class which enables its composer to rank with the best that America produces.

New Minstrels

Hi Henry's Big Minstrels, the organization that is booked to appear at the Grand on Wednesday carries a coterie of finished and high class artists to entertain the public. On the list of brilliant fun makers appear such star comedians as Pat Crawford and Georgie Foster, all top notchers of minstrelsy. In Mr. Henry's list of high salaried song birds are names of artists of exceptional ability who will introduce the latest song hits—the kind you whistle for a week after. In scenic effects it is said that Mr. Henry has raised the former high standard most substantially. Two cars are required to carry the scenery, appliances and electrical effects.

\$100 REWARD, \$100

—The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

LOCKED MAN INSIDE CAR

Station Agent at Richfield Made a Capture Today by Closing a Door

The station agent at Richfield, on the Santa Fe, between Olive and Yorba made a capture this morning with neither threat nor gun to help him. He caught a man in a merchandise car, presumably there for the purpose of stealing some of the contents of the car. The agent slipped up and closed the door and locked the intruder in. City Marshal Jernigan of Orange was telephoned to and went up after the prisoner.

STARTLES SOLONS WITH RESOLUTIONS

SACRAMENTO, Mar. 2.—Declaring that "two industrial invasions menace California," Senator Anthony today introduced a startling resolution protesting against the competition of the Japanese coolies and against the "importation of trust manufactured goods from New England and New York, destroying California capital." The resolution read:

"Resolved that the president of the Senate appoint a committee of twenty-one senators to be known as a committee on correspondence, to confer with other committees of correspondence throughout the state to consider three growing problems: First, the immigration into the United States of Japanese coolie labor; second, the importation into one state of trust manufactured goods of another."

Eat what you want when you want it.

Don't worry about indigestion, or stomach upset—just take one of McArthur's Stomach and Liver Tablets and eat what you like and enjoy what you eat. They help the stomach digest all you eat.

White Cross Drug Store

state; third, the nullification without due process of law, state legislation by the Federal executive."

Speaking of the "yellow peril," Anthony, in the preamble, alleges that the Japanese colonists practice a boycott against Californians, shown in patronizing and employing only their own race, even articles for Japanese consumption in California being extensively imported from Japan in subsidized steamships of the Imperial naval reserve. In twenty years the Japanese in the United States have shipped two hundred million dollars in gold from this country to Japan, accentuating the recent financial stringency.

Touching Roosevelt, the preamble reads:

"The executive branch of the Federal government has grown so independent of state government, so self-sustaining and unrepresentative through its suzerainty over its alien military possessions in the four quarters of the globe as to imply the same imperious methods, victorious in the pacification of the Philippines and intervention in Cuba, to effect the nullification of attempted legislation in the state of California."

SHAKE INTO YOUR SHOES

—Allen's Foot-East, a powder. It cures painful, smarting, nervous feet and ingrown nails, and instantly takes the sting out of corns and bunions. It's the greatest comfort discovery of the age. Allen's Foot-East makes tight or new shoes feel easy. It is a certain cure for sweating, callous, swollen, tired, aching feet. Try it today. Sold by all Druggists and Shoe Stores. By mail for 25c in stamps. Don't accept any substitute. Trial package FREE. Address Allen S. Olmsted, Le Roy, N. Y.

MAKING THINGS HUM

—If there is one department that is outdoing all the rest since Mr. Smith commenced to close out the Main Department Store, it is the silks. Very few knew that Mr. Smith carried such a large line of such high grade silk, and when he placed on sale \$2.00 Poi De Swoi black silk at \$1.25 per yard, it made them open their eyes and their pocket books also. The store continues to be crowded as the sale goes on.

ROOSEVELT RADE CABINET GOOD BYE

WASHINGTON, Mar. 2.—President Roosevelt received his cabinet members today to bid them farewell. Later the entire diplomatic corps was received.

Former Queen Liliuokalani, of Hawaii, accompanied by Prince Cupid, the Hawaiian delegate, presented President Roosevelt with a copy of her book, "Hawaii by An Hawaiian Queen."

RETIRING MINISTER DIED YESTERDAY

Lorenzo D. Gowan of Santa Ana Hears the Last Call at the Age of 85 Years

Lorenzo D. Gowan, aged 85 years, a retired Baptist minister, died yesterday at his home on Bush street. The funeral will be held tomorrow at 2 o'clock from S. W. Smith & Son's chapel. The services will be conducted by Rev. Garnett of the Baptist church. Mr. Gowan leaves a widow and son, John Gowan, of the firm of Gowan & Willard.

The deceased was born in Shapleigh, Me. Most of his long life was spent in Maine, where he was a minister of the Baptist church. He moved to Tustin twenty-four years ago from Galva, Ill., and since that time he has lived either in Tustin or Santa Ana, where he was well known.

NEGRO COLLECTOR GETS OUT OF MR. TAFT'S WAY

CHARLESTON, S. C., Mar. 2.—Dr. W. M. Crum resigned last night as collector of customs at this port, to take effect March 4, thus remedying a situation which threatened to cause President-elect Taft much embarrassment.

UNION WINS VICTORY IN FEDERAL COURT

CINCINNATI, Mar. 2.—The International Pressman's Union, numbering fifty thousand, won a victory today when the federal Court of Appeals denied the United Typotexts a rehearing in the case in which it sought to enjoin the unionists from striking.

WRIGHTS AIR SHIP MEETS ACCIDENT

That Postpones Spanish Kings
Ascent With the King
of the Air

PAU, Mar. 2.—An accident yesterday wrecked Wilbur Wright's airplane and it cannot be repaired for many days.

Wright had just started on a flight with Colonel Vivez, the Spanish aeronautic expert, when one of the runners broke, damaging the rudder, breaking both screws of the propellers and perforating the canvas of the machine in many places. Both men escaped injury.

King Alfonso had planned to take a secret trip to Pau Saturday next, for an ascent with Wright, but this is of course, put off. King Edward will be in Pau between March 10 and 15.

COMMANDS MINNESOTA BY PRESIDENT'S COMMAND

WASHINGTON, Mar. 2.—Commander W. S. Sims took command of the battleship Minnesota yesterday, an honor conferred on him by special direction of President Roosevelt in recognition of his services as naval aid at the White House. Sims is one of the most influential men of the navy.

Capt. Hubbard, who took the ship around the world, will be placed on the general naval board.

E. H. HARRIMAN GOES ON TOUR OF OLD MEXICO

SAN ANTONIO, Mar. 2.—E. H. Harriman left today on a short tour of inspection of Mexico. He will return via California and proceed immediately to New York where he expects to arrive within two weeks. He is apparently in excellent health.

"ARKANSAW" VOTES FOR STATE PROHIBITION

LITTLE ROCK, Ark., Mar. 2.—The Gann bill, providing for state-wide prohibition, passed the House of Representatives today by a vote of 53 to 27. So great was the demonstration that followed that the House, abandoning any attempt to continue further business, adjourned.

THE KANSAS TIN SHOP

No. 2

When it is found to be desirable to notify the people where they can find the goods they want, it is the custom to ask the printer to help us and sometimes he prints a "poster"—a handbill or a "circular letter" and some of the people see it.

When he has learned wisdom from experience the merchant advertises in the local paper and then more of the people see it, but not yet satisfied that everybody sees his advertisement he spreads it out over a full page and then awaits results.

Necessity often compels his competitors to do likewise and the induction of lower prices is added thereto, and we shortly see that "Prices are cut in half" and some of the people believe it.

The time was, some years now past, that a chromo was given with a paper of pins and two chromos with a gallon of SOFT SOAP, but these things were found to be unprofitable when the other
